Highlights

High air purification power

Thanks to the unique Philips GoPure technology combining HEPA and HESA filters, you can now enjoy pure air in your car. The 3-stage filtration process eliminates 99% of 0.3µm (PM2.5) harmful fine particles (incl. industry and exhaust fumes, dust, allergens, bacteria and viruses), and neutralizes 99% of toxic gaseous chemicals (incl. car interior plastics and upholstery)

Neutralizes unpleasant odors

HESA unique technology eliminates up to 99% of toxic gases and chemical pollutants: Interior plastics, car's upholstery.3x better tobacco smoke residue (nicotine) removal than ionizers: TUV Germany test based on DIN ISO/IEC 28360:2009-11 & DIN EN ISO 16000-9, calculated for 10 substances in 1M3 chamber

Easy operation

The GP Compact 200 features an automatic switch-on when you start the car, 3 speed settings to adjust filtration power and a filter LED warning to indicate that filter needs to be changed (the filter lasts 8 - 12 months, according to car usage).

Healthy air indicator

Integrated air-particles sensor indicates current air quality: excellent (blue), fair (yellow), and poor (red)

Specifications

Product description

- Technology: Automotive clean air system
- Designation: GP Compact 200
- Color: Grey Dark
- Noise level: 40 (Low) - 50 (High) dB
- Air particle sensor
- Air quality indicator (AQI): 3 levels AQI
- Automatic On/Off
- Filter replacement indicator
- Filter type: FIL301ACA
- Fragrance dispenser: No
- Frequency: 50 Hz
- Speed settings: 2 speeds
- Power: 3 W
- Voltage: 12 V
- Filter Lifetime: 350 hr
- Air flow: 530

Accessories included

- Mounting accessories: Attachment belt suction cup, anti-slide pads

Weight and dimensions

- Product dimensions (L x W x H): 6.9" x 6.9" x 2.9" mm

Issue date 2014-10-28

Version: 6.0.2
